Yesterday at lunchtime there were two boys who were "play fighting" each other in the playground. This may have been attention seeking behaviour. We deliberately moved the other students away from the two boys to take away the audience. Please understand that just because you may not see direct consequences at the time. You should know that we will always follow up. Home has been contacted for both boys and there are consequences that have been put in place. Just to reassure you all, fighting and play fighting is unacceptable in our playground. Ms M/Whaea Lisa

Despite this, the rest of the school was fantastic. Lunchtime sport, swimming, individual play, doing all the right things! Well done team. You can do it! 🐲 😊
