

## BYOD and Device Return for Level 2

13 May 2020,

Dear Parents and Caregivers,

As you know all students will be returning to school under alert level 2 on Monday 18th of May. In order to prepare the return to school we have some key information for families about:

1. Returning the devices that have been issued for cleaning and re-distribution to classes
2. BYOD - Bringing in your own device
3. BYO Headphones

### School Issued Devices

A **drive through drop off** for devices will be open from 9.00 - 12.00 on Thursday 14th and Friday 15th of May. Drive through the Lodge Avenue Carpark and staff will collect the device. This will enable us to clean and redistribute the devices prior to school restarting. Otherwise, your child can return the device to the school hall before school, on Monday morning.

### BYOD (Bring your own device) Laptop, Chromebook or Tablet

Although, it is safe for students to share resources and equipment with regular hand washing, under Alert Level 2, we are encouraging students to bring in their own devices for their own use, if they have one. This will minimise the sharing and cleaning of existing classroom devices and increase the number of devices available in each classroom.

If you are considering the purchase of a new device for your child, we recommend ACER 11.6 Chromebooks, as this aligns with Mt Maunganui College's BYOD programme. Noel Leeming and PB Technologies have various models to choose from.

Please complete this form for your child to BYOD

Should you require a hard copy or a PDF of the BYOD form, please contact [office@mtint.school.nz](mailto:office@mtint.school.nz).

### BYOD Headphones

Again, Under Alert level 2, please bring in your own headphones, for hygiene purposes. These can be in ear, or on ear headphones.
