Welcome to the last newsletter of the term.

The MMI Kapahaka Group are performing at the QE2 Centre this Saturday at 1.40pm. We wish them all the best for their performance. Feel free to go and support if you can. There is a \$10 entry fee.

Progress and Achievement Booklet

To help with the communication of your child's academic progress we are making some slight changes to our reporting system. As usual, your child's work will be uploaded onto Seesaw. However, this term your child's learning progress has been collated within one booklet. We have called this booklet our Progress and Achievement Booklet. This booklet will include samples of your child's class work, assessment information and learning reflections from term 3.

The key pieces of work included in the term 3 booklet will be:

Mathematics – Geometry – position, orientation and transformation.

Literacy – Including a reading and writing sample.

Inquiry – A reflection and assessment on our energy focus and an example of a completed class task.

This document has been uploaded to your child's SeeSaw and will be available to view by **3pm, Friday 30 September**. We believe this new system will make accessing your child's progress easier and the document can be easily printed for your own records.

We hope you have a fabulous term break with you families. We look forward to seeing everyone back safe and well for the start of term 4 on Monday 17 October. Take care!
