## FROM THE PRINCIPAL

Kia ora Parents and Whānau

Week 8 has been another busy and productive week at MMI.

Lots of sports trials are underway for winter codes, coordinated by our Sports Coordinator, Nicōla Logan. Getting involved in a sport is a great way to be healthy, meet new friends and learn new skills. All sporting opportunities are in our [daily notices](#), which can be found on our [website](#) and are shared in class every morning. Nicōla also has a TV screen outside her office with rolling notices and results for students to refer to.

Image: Melissa Nelson, Principal,  
Mount Maunganui Intermediate

Thank you to the parents who are involved in coaching, managing and selecting teams for us. We offer so many opportunities for our students, but we certainly couldn't do what we do without the support of these valuable volunteers.

My messages to students in assembly this week centered around integrity and thinking for ourselves. This age group is becoming very influenced by their peers - and so sometimes it is hard to think clearly in the moment when we see everyone heading in a direction that we know nothing about. The temptation to follow the masses is real. I encouraged our students to make decisions that feel right and that are informed by the facts - rather than acting on hearsay. This is another big learning curve for emerging adolescents who are typically impulsive.

Next week, we will welcome Justin Cheyne to our Hauora Team. Justin is completing his degree in counselling and is working with us as a base school. Justin will be working with students on Fridays. Parents, students and teachers can refer students through the usual channels - through the wooden drop boxes at school, by getting in touch with the classroom teacher or by emailing [hauora@mtint.school.nz](mailto:hauora@mtint.school.nz).

You may have seen our [Facebook](#) post this week congratulating a past student, Scott Robertson, on becoming the next All Blacks Coach. Some of our current staff went to school with Scott and remember him as a goal focused and disciplined student. Isn't it great for our students to see people from our amazing school go on to be such huge successes in their field of passion.

Have a fantastic weekend everyone.

## WOULD YOU LIKE TO HOST A **JAPANESE** **HOMESTAY** IN OCTOBER 2023?

This year in February we hosted a group of students from Ritsumeikan JHS. It was a very positive experience and the students loved staying with some lucky families from MMI.

**Another group is returning in October this year.**

If you are interested in Hosting a homestay student for 2 weeks in Term 3 please fill out the google form.

You will be providing homestay for a single student. You need to be able to provide the student with their own room.

## OUR HAPPY PLACE

We are excited to announce that Mount Maunganui Intermediate has implemented a new program called 'Our Happy Place'. This programme is designed to equip our students with the knowledge, tools and mindset they need to thrive in every area of their lives.

We understand the importance of promoting and protecting Mental Wellbeing among our students and this program allows us to do just that. Our Happy Place is a platform that provides students with the resources they need to live a happy and fulfilling life, both while they are in school and beyond. More details can be found here - <https://yourhappyplace.org.nz/>

Students will be working through 3 sessions per week, with each session lasting around 10-15 minutes long. We will provide details about these sessions in our newsletter so you can support your child and follow these up at home.

This week our students have been looking at these topics

### Day 10 – We are all different!

Today our students learnt about giving others the freedom to be themselves, without judging them and to remember that there is no right or wrong - only different.

We talked about how the world needs all our different ideas, talents and dreams and how without the diversity of the people around us, we wouldn't have many of the wonderful things that we do.

### Day 12 - Intuition and My Intuition (two sessions)

In these sessions our students discussed intuition and how it means 'learning from within'. Students were taught how intuition can protect them from harm and guides them towards good things. We also covered how intuition can give an 'instinctive feeling' of what is right or wrong.

Students were encouraged to ask their intuition lots of questions like 'is this right for me?', 'can I trust this person?', 'how can I get better at this?' and 'how can I feel better?'. Students then had to come up with their own questions they could ask their intuition.

## MESSAGE FROM THE SPORTS COORDINATOR

There will be a number of google forms coming your way before the end of term, e.g. sports hoodies + AIMS games registrations. Please adhere to the strict cut off registration dates and times. Moving forward there will no longer be any extensions given.

All sporting information is often shared on our school [Facebook](#) page, in the [school newsletter](#), [MMI Daily Notices](#) and via school-links (email). Please ensure you check your junk mail so that you don't miss out.

### COMMUNICATION

I am doing my best to provide open communication within a certain time frame. This is a reminder that my sports coordinator days are Monday, Thursday and Friday. On Tuesday and Wednesday I am in classes teaching, therefore communication will be done, when possible, after school hours.

# STUDENT NETBALL UMPIRES

A big thank you to four of our wonderful students, listed below, who gave up their time on Wednesday to umpire all day for the Girls Play Sport with Sport BoP. It is always lovely to see students 'giveback' to sport.

- ★ Chloe Shea
- ★ Lily Acker
- ★ Bailee Hammond

The girls had great success in support coaching and coaching groups on their own. They were hugely helpful and should be very proud of themselves.

# SUPER 11 SWIMMING

The Mount Maunganui Intermediate team were incredible, especially with the conditions of an outdoor pool in overcast conditions. Many swam in lots of events one after the other and participated in the relays.

It was wonderful to see the propulsion of the body through water by combined arm and leg motions and the natural flotation of the body.
